

Dear Members,

As you are aware, the shaking a few months ago left many faithful members without a fellowship in the United States. It also left the United States without a national ministry. Over the last several months we have been working at rectifying the issues of a fellowship and a ministry. Recently, *Lambert Church* was created to fill the void of a fellowship here in Arkansas. During that time the process of raising a ministry was underway as well. With much labor and prayer, we are happy to announce *Institute for Prophetic Research*.

*Institute for Prophetic Research* will be the new coordinating ministry for the United States. Many of you have already been working with Brother Tyler and I, but we are happy to officially have a ministry established. Thank you for your patience and perseverance through these difficult times.
